## LogSol - Our Product

### Speed up your business!

KRP Logistic Solution Ltd. offers unique solutions when it comes to secure goods which are stapled on roll containers. A flexible fixture prevents goods from falling off during transport.

### BENEFITS

- Reducing specific waste by 95%.
- Our fixture is permanent or removable on the roll container and is attached to the side rails when loading and unloading
- Our fixture is 100% recyclable
- Our protection wall is stickable and light weighted (2kg)
- Roll containers that are already in operation can also be equipped with our fixtures
- Our fixture replaces the stretchfoils
- Helps to improve CO2 emissions
- Mounting of our fixtures requires no tools
- Time and cost savings

### YOUR CHOICES

- Customer logo on the plate
- Pouch with your documents
- Color selection for plates (RAL)
